All, I was asked by Veronica tonight where is this document. I need asap. Knowing how good we are all on these deadlines, I'm sure it just is sitting in someone's outbox or on a desk. This is very urgent now.

From Veronica Darwin who is tasked with tracking PFAS actions and reporting to the Administrator on a TBD basis.

"Find attached a tracking tool that I will use to brief the Administrator. I filled in the lead program office column based on my read of the PFAS Action Plan but please correct any inaccuracies. I've included a few notes in the tracker. Can you please have staff update the status and due dates for OCSPP actions by Wednesday (4/17)?"
